

# Product Information

## SUPER-C

### Description

This highly concentrated product contains twice the amount of actives in typical "pink" cleaners. It is a blend of several surfactants and cleaning agents with a low pH and no alkaline builders.

This product is suitable for general cleaning. It is biodegradable and phosphate free.

### Directions

The use ratios given below are approximate, concentrations may have to be varied according to soiling conditions.

NOTE: Do not use on unsealed marble or terrazzo unless tested at use dilution in an inconspicuous area to determine if staining or other damage occurs.

1. For all light purpose cleaning and damp mopping use 1 to 2 ounces per gallon of water.
2. For extremely soiled conditions use a starting point of 4 ounces per gallon of water.
3. When cleaning extremely dirty floors, allow solution to remain on surface for 1 to 5 minutes and machine scrub with proper pad before picking up dirty solution.
4. Always test painted surfaces to be cleaned in an inconspicuous area when use concentration is above 16 ounces per gallon of water.

**WARNING:** EYE AND SKIN IRRITANT. Contains Organic Surfactants and Glycol Ether Solvents. Do not get in eyes, on skin or clothing. Harmful if swallowed. Do not take internally.

FIRST AID: For eyes, flush immediately with plenty of water for at least 15 minutes and get medical attention. For skin, wash thoroughly with water. If irritation persists, see a doctor. If swallowed, drink large quantities of water or milk. Get medical attention immediately.

KEEP OUT OF REACH OF CHILDREN    KEEP FROM FREEZING    FOR INDUSTRIAL & INSTITUTIONAL USE ONLY

### Specifications

Type product	Synthetic detergent
Appearance	Clear red
Odor	Pine
Weight per gallon	8.42 lbs.
Viscosity (cps.)	500 ± 200
pH (100%)	9.5 ± 0.5
pH (1% in tap water)	8.0 ± 0.2
Cloud point	<54° F
Separation point	140° F (minimum)
Freeze/thaw stability	3 cycles (with mixing)
