

Product Information

THERMO PLUS

Description

The hot water soil extraction system of carpet cleaning has become widely accepted as a major method of carpet maintenance. In this type of cleaning, the equipment ejects the cleaning chemical into the carpet via a spray action. This loosens and suspends the dirt and shampoo residue which is simultaneously vacuumed into the recovery tank by the same equipment.

This shampoo is specifically designed to be used in extraction equipment. It is a super concentrated product that is fast acting to keep up with the speed of the extraction equipment. It contains both detergents and degreasers to remove both water and oil based stains and soils. The balanced detergent formula works well in both hot and cold water extraction equipment and contains corrosion inhibitors and water softening agents.

The surfactant systems in this shampoo are exceptionally low foaming. This product also has a "built-in" defoamer designed to reduce the amount of foam in the recovery tank allowing full usage of tank capacity.

Recommended Uses

For use in all hot or cold water extraction equipment.

Directions

NOTE: Before use, test color fastness by rubbing any inconspicuous section with a clean white towel dampened with diluted shampoo.

1. Pre-vacuum the carpet thoroughly to remove all loose soil.
2. Use a traffic lane pre-spray in heavily soiled areas.
3. For use with portable hot water extraction equipment, make a ready to use solution by diluting 1 ounce of this product per gallon of water.
4. For use with truck mounted units, make a concentrated stock solution of 12 to 16 ounces per gallon of warm water. (Always check recommended dilution and use rate by the truck mount manufacturer.)
5. After cleaning carpet a pile brush or rake may be used.

WARNING: SKIN AND EYE IRRITANT. Contains Alkaline Builders, Glycol Ether Solvents and Surfactants. Do not get in eyes, on skin or clothing. Harmful if swallowed. Do not take internally.

FIRST AID: For eyes, flush immediately with plenty of water for at least 15 minutes and get medical attention. For skin, wash thoroughly with water. If irritation persists, see a doctor. If swallowed, drink large quantities of water or milk. Get medical attention immediately.

Specifications

| | |
|--|-------------------------------|
| Type product | Low foaming carpet shampoo |
| Weight per gallon | 9.07 lbs. |
| Percent solids | 14.5 ± 0.5 |
| Color | Straw |
| Odor | None |
| Viscosity (Gardner-Holdt tube) | Less than A-1 |
| Miscibility | In all proportions with water |
| Freeze/thaw stability | Passes 3 cycles |
| Cloud point | None to freezing |
| pH | 13.0 ± 0.5 |
| Coverage (1 oz./gal.) | 12,900 sq. ft. per gal. |
